

Editor: Douglas Smith

5-Year Impact factor: 3.868

Impact factor (2021): 3.866

Journal Citation Reports (Clarivate, 2022): 134/279 (Environmental Sciences)

Online ISSN: 1537-2537

JEQ Technical Editors

Alex Chow

Affiliation: Baruch Institute, USA

Keywords: watershed biogeochemistry, water quality

Email: [Send message](#) to Alex Chow

Richard Farrell

Affiliation: University of Saskatchewan, Canada

Keywords: environmental agronomy, quantification and mitigation of soil-derived GHG emissions

Email: [Send message](#) to Richard Farrell

Heather Preisendanz

Affiliation: Penn State University, USA

Keywords: emerging contaminants, contaminant transport, riparian buffers, water quality

Email: [Send message](#) to Heather Preisendanz

Daniel Strawn

Affiliation: University of Idaho, USA

Keywords: biogeochemistry of nutrients and contaminants in soils and waters; chemical speciation in soils; trace element characterization in soils and sediments

Email: [Send message](#) to Daniel Strawn

JEQ Associate Editors

Rebecca Abney

Keywords: soil organic matter, pyrogenic carbon
Email: [Send message](#) to Rebecca Abney

Eduardo Alvarez Santos

Email: [Send message](#) to Eduardo Alvarez Santos

Ray Anderson

Affiliation: USDA-ARS, USA
Keywords: micrometeorology, evapotranspiration, ecophysiology, soil salinity
Email: [Send message](#) to Ray Anderson

Sheel Bansal

Keywords: wetland greenhouse gas fluxes, soil carbon, and invasive species

Terry Loecke

Affiliation: University of Kansas, USA
Keywords: greenhouse gas emissions, biogeochemistry, soil processes
Email: [Send message](#) to Terry Loecke

Merrin Macrae

Affiliation: University of Waterloo, Canada
Keywords: tile drainage, hydrology, nutrients, phosphorus
Email: [Send message](#) to Merrin Macrae

Bijesh Maharjan

Affiliation: University of Nebraska-Lincoln, USA
Keywords: soil and nutrient management
Email: [Send message](#) to Bijesh Maharjan

Our Peer Review Mentorship Program is now accepting applications for our June 2023 session. @ASA_CSSA_SSSA members apply today to benefit from free custom education and training. Learn more: agronomy.org/publications/j

Daniel Blackburn

Affiliation: Sultan Qaboos University, Oman
Keywords: soil microbiology, enzymology, rhizosphere, phosphorus, organic amendments
Email: [Send message](#) to Daniel Blackburn

Mikhail Borisover

Affiliation: Agricultural Research Organization, Israel
Keywords: soil chemistry, sorption, soil organic matter, fluorescence spectroscopy
Email: [Send message](#) to Mikhail Borisover

Nora Casson

Affiliation: University of Winnipeg, Canada
Keywords: biogeochemistry and water quality
Email: [Send message](#) to Nora Casson

Gianluca Corno

Keywords: microbial ecology, ecological theory, antibiotic resistance, community ecology

Gonzalo Martinez

Affiliation: University of Cordoba, Spain
Keywords: soil pollution fate and transport modeling and geophysical monitoring
Email: [Send message](#) to Gonzalo Martinez

Michael Mashtare

Affiliation: Penn State University, USA
Keywords: emerging contaminant fate and transport, environmental soil chemistry, biosolids and residuals
Email: [Send message](#) to Michael Mashtare

Yael Mishael

Affiliation: Hebrew University of Jerusalem, Israel
Email: [Send message](#) to Yael Mishael

Felipe Montes

Email: [Send a message](#) to Felipe Montes

Paul Murphy

Affiliation: University College Dublin, Ireland
Keywords: soil nutrient cycling and

Gianluca Corno

Keywords: microbial ecology, ecological theory, antibiotic resistance, community ecology

Fien Degryse

Affiliation: University of Adelaide, Australia
Keywords: soil chemistry, trace elements, crop nutrition
Email: [Send message](#) to Fien Degryse

Girisha Ganjegunte

Affiliation: Texas A&M AgriLife Research Center, USA
Email: [Send message](#) to Girisha Ganjegunte

Carrie Givens

Email: [Send a message](#) to Carrie Givens

Tyler Groh

Affiliation: Penn State University, USA
Keywords: biogeochemistry, water quality, riparian buffers, agricultural BMPs, nutrient removal
Email: [Send message](#) to Tyler Groh

Paul Murphy

Affiliation: University College Dublin, Ireland
Keywords: soil nutrient cycling and management, emissions to air and water
Email: [Send message](#) to Paul Murphy

Maren Oelbermann

Affiliation: University of Waterloo, Canada
Keywords: soil carbon and nitrogen, greenhouse gases, biochar, stable isotopes
Email: [Send message](#) to Maren Oelbermann

William Osterholz

Email: [Send a message](#) to William Osterholz

Ying Ouyang

Affiliation: Mississippi State University Extension, USA
Keywords: hydrology and water quality
Email: [Send message](#) to Ying Ouyang

Heidi Peterson

Affiliation: Sand County Foundation, USA
