Dear Zita Letviany Sarungallo ,

Experts in the field have carefully reviewed your manuscript entitled "Nutrient content of three clones of red fruit (*Pandanus conoideus*) during the maturity development - IFRJ-2014-659 and, although they found merit in your study, they have raised a number of concerns that preclude acceptance in its present form.

To bring your manuscript to a state of acceptability you must respond to each of the reviewer's comments and either alter your manuscript as requested or state why you consider the suggestion inappropriate. Please be aware that your response and revisions do NOT guarantee eventual acceptance of your manuscript.

Please provide a point-by-point response to the reviews that will help the editor(s) gauge the changes made in the revised manuscript.

Unless we hear from you about this paper within one month, we will presume you have WITHDRAWN the manuscript from consideration by the International Food Research Journal.

Sincerely,

Professor Dr. Son Radu  
Editor  
International Food Research Journal

IFRJ17049 - Chemical properties, carotenoid, tocopherol and fatty acid composition of three clones of red fruit (*Pandanus conoideus*) oil during maturity development

Dear Prof. Radu:

We have submitted this revised manuscript in July 2017 on line.  
Can you give us information about the progress of our manuscript, when will it be published?  
Thank you in advance.

Sincerely,  
Dr. Zita Sarungallo
