

BP-22	Extremophiles in Indonesia: a Mini-Review	Victor Sandyawan Pranoto, Ferren Pratama	297
Diversity of Ecosystem			
CO-01	Mapping diversity of corticolous lichen in Kamojang, Bandung, West Java, Indonesia	Muhammad Feisal Jatnika, Joko Kusmoro, Iin Supartinah Noer	297
CO-02	The similarity of higher plants species between Pangandaran Nature Reserve-Wildlife Sanctuary's Forest and Green Canyon's Riverside Forest in Pangandaran District, West Java, Indonesia	Muhammad Feisal Jatnika, Muhammad Nasrulah Akbar, Joko Kusmoro, Pampang Parikesit, Susanti Withaningsih	298
CO-03	An eco-friendly fishing model in North Gorontalo District of Gorontalo Province, Indonesia	Lis Melissa Yapanto, Syamsuddin	298
CO-04	Habitat structure of the endemic Bali Starling (<i>Leucopsar rothschildi</i> Stresemann) in Bali Barat National Park, Indonesia	Sutomo, Eddie Van Etten	298
CO-05	The comparison of aboveground carbon storage between cocoa-based Agroforestry System (AFS) and cocoa monoculture practice in West Sumatra, Indonesia	Santhyami, Adi Basukriadi, Mufti Petala Patria, Rochadi Abdulhadi	299
CO-06	Socioecological study of <i>talun</i> system in the proposed geopark site in Pangandaran District, West Java, Indonesia	Parikesit, Susanti Withaningsih, Fakhrur Roji	299
CO-07	Conservation of butterfly diversity in agroforestry ecotone habitats of urban landscapes in India	Manish Bhardwaj, Jyoti K. Sharma	299
CO-08	Utilization of methanotroph bacteria to reduce methane emission from palm oil (<i>Elaeis guineensis</i>) oil waste	Nisa Widya Amanda, I Made Artika, Iman Rusmana	300
CO-09	Seagrass meadows of Leuweung Sancang Nature Reserve, Garut, Indonesia, and their role in blue carbon storage	Devi N. Choesin, Rina Ratnasih Purnamahati, Dian Rosleinc, M. Hizrian Irda, Megatrikania Kendali.	300
CO-10	Vulnerability of mangroves to insect leaf herbivory: Study on habitat adaptation for climate change management	Indah Trisnawati, Mukhammad Muryono, Aunurohim	300
CO-11	Reduction of organic matter and pathogenic microorganisms in the leachate of landfill using <i>Paramecium</i> sp.	Sunardi, Surti Djuwita, Kabul Fadilah	301
CO-12	The abundance and distribution of Arbuscular Mycorrhiza Fungi (AMF) in agricultural soil of Oransbari, South Manokwari, Papua, Indonesia	Irnanda Aiko Fifi Djuuna, Saraswati Prabawardani	301
CO-13	Landscape water table level impacts on palm oil (<i>Elaeis guineensis</i>) growth and soil properties on tropical peatland	Dwi Astiani, Burhanuddin, Hanna Artuti Ekamawanti, Wiwik Ekyastuti, Emi Roslinda, Yuliati Indrayani, Johan Suharmoko, Edi Senjaya Saragih	302

AO-11	Study on the utilization of red jungle fowl domestication by the community in Bengkulu, Indonesia	Johan Setianto, Sutriyono, Hardi Prakoso, Basyaruddin Zain	272
AO-12	The morphological diversity and an evaluation of growth stadia development on twelve Foxtail Millet Genotypes (<i>Setaria italica</i>)	Saraswati Prabawardani, Christa S.G.H. Monim, Januarius Renwarin, Irmada A.F. Djuuna	273
AO-13	Phylogeny of culturable cellulolytic bacteria from Bangka Island Mangrove, Indonesia	Ardiansyah Kurniawan, A. Prihanto, S.P. Sari, A.B. Sambah, E. Asriani	273
AO-14	<i>Escherichia coli</i> serotype diversity in Industrial Produced Ice Cubes using Multiplex PCR methods	Puryani, Enny Zulaika	273
AO-15	Anoa, Dwarf Buffalo from Sulawesi (Indonesia): Evolution and taxonomy molecular based on Cytochrome B Gene	Dwi Sendi Priyono, Dedy Duryadi Solihin, Achmad Farajallah	274
AP-01	Identification of Mildew Locus O genes (MLO) in <i>Durio zibethinus</i> genome corresponding with the Powdery Mildew Diseases	Eric Bernardus Lili Sandjaja, Audi Putra Santosa, Jeremias Ivan, Rahmat Azhari Kemal	274
AP-02	A literature update: Genetically Modified <i>Escherichia coli</i> for mercury bioremediation	Suvanna Visakha Wu, Agnes Faustina	274
Diversity of Species			
BO-01	Tree species diversity of Wonogiri Karst Area, Central Java, Indonesia	Joko Ariyanto, Sri Widoretno, Alanindra Saputra	275
BO-02	Identification and laboratory rearing trials of zoanths (Cnidaria: Verrill, 1865) collected from the four rocky ledges of Pakistan coast	Syeda Sobia Nasir, Haroon Khan, Nuzhat Afsar	275
BO-03	A checklist of identified molluscan species inhabiting Bandri Beach Jiwani along the Baluchistan coast, Pakistan (Northern Arabian Sea)	Abdul Ghani, Nuzhat Afsar, Muhammad Moazzam Khan	275
BO-04	Elasmobranch fishery outlook with catch profile during 2014 to 2016 at Karachi Fish Harbour, Pakistan	Rabiya Nasir, Nuzhat Afsar	276
BO-05	Composition of bird species in two different habitat types in Basilisa, Dinagat Islands, Philippines	Kit Neil L. Alcantara, Ryan M. Raymundo, Christian Jay C. Estropia, M. Niña Regina M. Quibod,	276
BO-06	The consortium application of various indigenous <i>Trichoderma</i> and <i>Pseudomonas</i> to suppress <i>Plasmiodiophora brassicae</i> the pathogen of clubroot disease on cabbage	I Ketut Suada, Anak Agung Gede Suwastika	276
BO-07	Hierarchical multiplicative partitioning of spatial diversity patterns in plant communities	Reza Erfanzadeh, Reza Omidipour, Marzban Faramarzi	277
BO-08	The distribution of vertical leaves and biomass leaves on ten mangrove species at Ngurah Rai Forest Park, Denpasar, Bali	I Putu Gede Ardhana	277
