

The Journal

The *Bulletin of Marine Science* is a hybrid open access journal dedicated to the dissemination of research dealing with the waters of the world's oceans. All aspects of marine science are treated by the *Bulletin of Marine Science*, including papers in marine biology, biological oceanography, fisheries, marine policy, applied marine physics, marine geology and geophysics, marine and atmospheric chemistry, meteorology, and physical oceanography. In most regular issues the *Bulletin* features separate sections on new taxa, coral reefs, and novel research gear, instrument, device, or system with potential to advance marine research ("Research Tools in Marine Science"). Additionally, the *Bulletin* publishes informative stand-alone artwork with accompany text in its section "Portraits of Marine Science."

The *Bulletin of Marine Science* is now in its 66th year of publication. Commencing in 1951 the first volumes were published as the *Bulletin of Marine Science of the Gulf and Caribbean*. The name was changed in 1965 (volume 15) to the present one. It is published by the Rosenstiel School of Marine & Atmospheric Science, University of Miami, 4600 Rickenbacker Causeway, Miami, Florida 33149-1031 USA.

The *Bulletin of Marine Science* (print ISSN 0007-4977, online ISSN 1553-6955) is printed four times per year in one volume for the Rosenstiel School of Marine & Atmospheric Science of the University of Miami by AllenPress, Inc., 810 East 10th Street, Lawrence, Kansas 66044-0368 USA.

A history of the journal, published to commemorate the 60th anniversary of the *Bulletin*, can be downloaded by clicking here.

Manuscript Submission

The *Bulletin* accepts manuscripts via an online submission and peer-review process. The submission of a manuscript will be taken to imply that the manuscript is original and has not been submitted or published elsewhere in its present or modified form. Other matters should be sent to the Editorial Office, *Bulletin of Marine Science*, Rosenstiel School of Marine & Atmospheric Science, University of Miami, 4600 Rickenbacker Causeway, Miami, Florida 33149-1031 USA or emailed to bms@rsmas.miami.edu.

Open Access Options

The *Bulletin of Marine Science* is a hybrid open access journal, offering two Open Access options: **Green Open Access** and **Gold Open Access**. Gold Open Access articles are immediately available online for everyone to freely download and share. Green Open Access articles are freely available after a five year embargo period (before which they are available to journal subscribers). At the Galley Proof stage, authors of accepted articles will be given the choice between selecting Green Open Access or Gold Open Access.
