ABOUT

ABOUT THE JOURNAL

Berkala Penelitian Hayati (p-ISSN: 0852-6834 and e-ISSN: 2337-389X) is half-yearly international peer-reviewed journal of life science. The journal published by The East Java Biological Society and formerly used an Indonesian title. The first edition of this journal is Vol 1 No 1 at June 1995. It was accredited by Ministry of Culture and Education number 134/DIKTI/Kep/2001 till 2011 and has been re-accredited for 26 April 2017 – 26 April 2022 by Ministry of Education number 32a/E/KPT/2017. It continues to be recorded by Zoological Record by Thomson Reuters (formerly Zoological Record). Since April 2012 the journal was changed into English. This journal is indexed by DOAJ, Crossref, Google Scholar, and EBSCO Host. This journal publishes original research, applied, review article, and educational articles. Researchers are encouraged to submit complete unpublished and original works, which are not under review in another journal. The journal includes, but not limited to, the following topic areas: botany, zoology, ecology, microbiology, coastal biology, hydrobiology, neurobiology, genetics, developmental biology, biochemistry, biophysics and life science. The journal is published in both printed and online versions. The online version is available for free downloads.
