OA Spatial and temporal patterns of *R. typus* in the tropical fjord Golfo Dulce, Costa Rica

By Robin Hanna

<https://doi.org/10.5339/qproc.2016.iwsc4.22>

[+ More](#)

OA Whale shark kinship and genetics: Analysis of two populations with different ecologies

Authors: Royale S Hardenstine, Jesse EM Cochran, Manalle Al-Salamah, Camrin D Braun, E. Fernando Cagua, Simon J Pierce, Christoph A Rohner, Pablo Saenz-Agudelo, Tane H Sinclair-Taylor, Gregory B Skomal, Simon R Thorrold, Casey J Zakroff and Michael L Berumen

<https://doi.org/10.5339/qproc.2016.iwsc4.23>

[+ More](#)

OA Association of adult female whale sharks with open ocean and coastal upwelling frontal systems in the Eastern Tropical Pacific

Authors: Alex R Hearn, Eduardo Espinoza, Jonathan R Green, David Acuña-Marrero and John P Ryan

<https://doi.org/10.5339/qproc.2016.iwsc4.24>

[+ More](#)

OA Atmospheric and oceanographic impacts on whale shark (*Rhincodon typus*) seasonality in the Bay of La Paz, Mexico

Authors: Simon T. Hilbourne, Dení Ramírez Macías and Ken Collins

<https://doi.org/10.5339/qproc.2016.iwsc4.25>

[+ More](#)

OA Comparison of sex and size range of whale sharks and their sighting behaviour in relation to fishing lift nets in Borneo and Papua, Indonesia

Authors: Mahardika R. Himawan, Casandra Tania, Andi M. I. Yusma, Beny A. Noor, Beginer Subhan and Hawis Madduppa

<https://doi.org/10.5339/qproc.2016.iwsc4.26>

[+ More](#)

OA Habitat conditions and potential food items during the appearance of whale sharks (*Rhincodon typus*) in Probolinggo waters, Madura Strait, Indonesia

Authors: Mohammad M. Kamal, Yusli Wardiatno and Nenden S. Noviyanti

<https://doi.org/10.5339/qproc.2016.iwsc4.27>

[+ More](#)

OA A Whale Shark Virtual Reality Underwater Environment

Authors: AbdelGhani Karkar, Osama Halabi and Jihad Jaam

<https://doi.org/10.5339/qproc.2016.iwsc4.28>

[+ More](#)

OA Studying spatial distribution of the whale shark in the Gulf of Tadjora, Djibouti

Authors: Savinien T. R. Leblond and David R. L. Rowat

<https://doi.org/10.5339/qproc.2016.iwsc4.29>

[+ More](#)

OA Update on the use of an open source tri-axial accelerometer tag for monitoring whale shark (*Rhincodon typus*) behavioral disturbance

Authors: J. Jacob Levenson, Alistair D. M. Dove, Colin Ware, Robert Cooper, Harry Webb, Charles D. Ramey and Rafa de la Parra

Venegas
<https://doi.org/10.5339/qproc.2016.iwsc4.30>
+ More

OA Close genetic relatedness of whale sharks (*Rhincodon typus*) in the Indo-Pacific region

Authors: Abdul H. Toha, Nashi Widodo, Beginer Subhan, Mahardika R. Himawan, Casandra Tania, Benny A. Noor, Brent S. Stewart and Hawis H. Madduppa
<https://doi.org/10.5339/qproc.2016.iwsc4.31>
+ More

OA Unveiling a new foraging area for the threatened whale shark

Authors: Rossana Maguiño, Alejandra Mendoza, Shaleyla Kelez, Ximena Vélez-Zuazo and Dení Ramírez-Macías
<https://doi.org/10.5339/qproc.2016.iwsc4.32>
+ More

OA Body measurements and size estimation of whale sharks in Okinawa Churaumi Aquarium

Authors: Rui Matsumoto and Keiichi Sato
<https://doi.org/10.5339/qproc.2016.iwsc4.33>
+ More

OA Will the world's biggest fish get any bigger? Limits to the size of filter-feeding fishes over the last 160 million years

By Mark G. Meekan
<https://doi.org/10.5339/qproc.2016.iwsc4.34>
